

cosmetics TDHI

We are the division that deals with cosmetics, perfumery, SPA products, make-up, artistic makeup and beauty salons of the TDHI Group. www.tdhi-group.com

We receive an idea from our clients (influencers, designers, fashion and jewelry stylists, beauty salon owners, hairdressers, barbers, florists, artists, perfumery owners etc.) and turn an idea into a product. If the customer wishes it, we can sell it for him all over the world, organizing production, sales and sales and marketing support.

Thanks to the TDHI Recovery and Development FUND, from January 2023, we will start selecting companies to finance unique and interesting products with innovative projects to conquer, on their behalf, the markets.

What we do:

- We develop the market in countries where your products are not present
- We can create a sales network in countries where you are not present
- We can manage and improve the sales network in the countries where your company already sells
- We manage on your behalf the sales network in the selected countries
- Your company could be a partner of the brands we are studying for the market or of some customers
- We can search and train distributors for your products
- We can turn an idea into a product
- We can create and produce the packaging for a product

We can give you an answer to your wishes or ideas. With us, goals will be a reality and you will achieve them faster.

From January 2023 we started selecting special and unique products in the cosmetics sector, giving them a space on the portfolio page, and we will support them in the international market through a communication and commercial project that we will tailor to the companies we will select..

▪

As always, our advice is to write to us, to present your company or to write us what your goals or desires are. The TDHI HUB Division will make a first analysis, and will send it to our General Manager Dr Magri and to you in copy.
