

International Representative TDHI

We are the Division of International Representations..

On behalf of TDHI Group www.tdhi-group.com companies, we assist clients when they require legal, corporate or commercial representation.

We also have a project funded until 31 12 2023 to allow Italian artisans and SMEs to have their representative in the markets considered interesting.

When we believe in a company and its products we can represent it in one or more countries as:

- Your company representative for legal, contractual aspects, potential customer feedback, relationship on behalf of your company with customers or potential customers for strategic and institutional relationships,
- Your sales representative,
- Your company and sales representative.

Choose one or more countries, region or continent, and we'll tell you what we can do to represent your company or products.

Or introduce us to your company and your products, and after analyzing your company and your products, we will identify for you the best countries or regions where we could sell your products, develop your project or sell your company.

Just a few examples - We can represent:

- your company in order to increase the visibility of your brand or brands
- your products for the purpose of presenting them in selected countries
- your new product in selected markets or at selected potential customers
- your company in order to find new retail customers
- your company to manage the commercial part of your customers in the selected countries

Think of your need and we have the solution.
